DISTRICT FRONT DOOR

Sample family guide

Welcome and quick reference

A document you can practice with

This original sample is for testing PDF uploads, first-page previews, downloads, and placement in the District Front Door page editor. It is not an official district publication.

A sample school-day checklist

- **Before the day begins**

  Review the school calendar and prepare materials for class.

- **During the school day**

  Use the school website to find updates and helpful resources.

- **At the end of the day**

  Check for messages and make a plan for the next school day.

Try both display styles

Compact link: a simple document title and download action.

First-page preview: this cover appears alongside your page text.

The second page gives you a multi-page download to inspect.

Sample family guide

Ideas for your website test

Check the PDF in a real page

01 Insert the sample

Open a text or Q&A section, choose Insert PDF, and select this guide.

02 Choose a display

Try Compact link first, then First-page preview. Give the document a clear public title.

03 Adjust the placement

Try left, right, and full-width placement. Add a paragraph after the PDF to see text wrapping.

04 Save and preview

Save your draft and inspect the page at desktop and phone widths.

05 Check the download

Download the original PDF and confirm that both pages are included.

This guide contains only fictional, general-purpose text. You may keep it in the local library for testing or replace it with your own document later.
